1st International Pysin Workshop - November, 16 & 17th 2023

DAY 1- Morning

9h45	Opening and introduction	G Grateau, S Georgin-Lavialle, V Hentgen, T Henry, Y Jamilloux, J Delon
	Moderation	J Delon & S Masters
10h-10h20	Pysin inflammasome regulation-new activators	Flora Magnotti (CIRI, Lyon, Fr)
10h20-10h40	Studying Familial Mediterranean Fever mechanisms in a genetic mouse model	Andy Wullaert (University of Antwerp, Belgium)
10h40-11h	Pysin, FMF and neutrophils	Helmut Wittkowski (Muenster)

COFFE BREAK

11h20-13h	Moderation	I Aksentijevich & T Henry
11h20-11h40	Beyond pysin: when other GTPases activate other inflammasomes	Laurent Boyer (Inserm, Nice University, France)
11h40-12	CDC42 and pysin	Jerome Delon (Cochin institute, Paris, France)
12h00-12h40	Phosphoprotein Phosphatase Activity Positively Regulates Oligomeric Pysin to Trigger Inflammasome Assembly in Phagocytes	Jim Bliska (Darmouth Univ., USA)
12h40-13h	Pysin inflammasome regulation-Differences mono-macro	Matthew Mangan (Institute of Innate Immunity, Bonn, Germany)

LUNCH

DAY 1- Afternoon

14h20-17h35	Moderation	I Ben-Zvi and Y Bilginer
Clinical session		
14h15-14h40	Adherence to colchicine therapy	Véronique Hentgen (Versailles hospital, France)
14h40-15h20	PAAND	Seth Masters (University of Melbourne, Australia)
15h20-16h00	I692del	Ivona Aksentijevich (NIH, USA)

COFFE BREAK

	Moderation	Y Jamilloux & V Hentgen
16h30-16h50	Liver disease and FMF	S Georgin-Lavialle, Paris, France
16h50-17h15	Kidney transplantation for FMF	Hélène François, Paris, France
17h15-17h45	On demand anakinra for FMF	Ilan Ben-Zvi, Tel HaShomer, Israel
17h45/18h05	Fast diagnosis functional test for FMF	Yvan Jamilloux (Croix Rousse hospital, Lyon, France)
18-19h	Round table	

DAY 2

9h-12h30	Moderation	H Lachmann & I Kone-Paut
9h-9h20	Unmet needs in FMF : Patients point of view	Mr Belamich on the behalf of the French association of FMF patients (AFFMF)
9h20-9h50	Unmet needs in FMF : Doctors point of view	Yelda Bilginer (Hacettepe University, Ankara, Turkey.)
9h50-10h15	Discussion together	

COFFE BREAK & PICTURE EXPOSITION

11-13h	Moderation	S Masters & G Boursier
11h-11h30	How can researchers help clinicians and patients? DNA-bar code screen applied to MEFV variants	Thomas Henry/Pauline Bronnec (CIRI, Lyon, France)
11h30-12h	Last minute hot and important new data & communications on FMF	1- G Boursier 2- H Lachmann 3- Special guest X
12h-13h	How can we all collaborate on pysin and FMF ? All participants	Moderation G Grateau, V Hentgen, S Georgin-Lavialle, T Henry, Y Jamilloux, J Delon, P Belamich

LUNCH BOX ON DEMANDE
